Re: EPA Review - Removal Action Completion Report, CMP Removal Action – Stage 1,
Unshored Excavation Area, Jorgensen Forge Outfall Site, Lower Duwamish Waterway
Superfund Site, Seattle, Washington

Dear Mr. Dyer and Mr. Ernst:

The US Environmental Protection Agency (EPA) has reviewed the Removal Action Completion Report, CMP Removal Action – Stage 1, Unshored Excavation Area, submitted, January 13th, 2016, to the EPA by the Boeing Company and Jorgensen Forge, as part of the Second Modification to the Administrative Order on Consent for Removal Action at the Jorgensen Forge Outfall Site.

All EPA's comments on the earlier draft have been addressed by the Respondents. However, EPA will only approve the RACR in its entirety once the entire removal action including the Shored Excavation Area is complete and a Removal Action Completion Report for both Stage 1 and Stage 2 is submitted for review and approval to EPA.

Should you have any questions I can be contacted at sanga.ravi@epa.gov or 206-553-4092. Inquiries of a legal nature need to be addressed to Richard Mednick at mednick.richard@epa.gov or 206-553-1797.

Sincerely,

Ravi Sanga
